Due to line current harmonics, we recommend that you contact your supply authority before connection.

I certify that the product identified above conforms to the requirements of the EMC Council Directive 2004/108/EC and the Low Voltage Directive 2006/95/EC.

Crown, part of the Harman International group of companies, declares that the products produced under the aforementioned brand names are designed and produced as professional audio products and therefore outside of the intended scope of the European Commission Regulation (EC) 1275/2008 of 17 December 2008 implementing Directive 2005/32/EC of the European Parliament and of the Council with regard to ecodesign requirements for standby and off mode electric power consumption of electrical and electronic household and office equipment.

Harman International expects our suppliers and business partners to be aware of their obligations under REACH and expects any substances or products within the scope of REACH to be pre-registered before December 1, 2008. Given those conditions, our current products are exempt from REACH pre-registration and later registration activities. We provide separate E.U. Reduction of Hazardous Substances documentation for our RoHS compliant products.

Harman International confirms that, from the 1st July 2006 all Crown branded products placed on the European market have been manufactured in compliance with the EU Directive 2002/95/EC and its subsequent amendments.

The WEEE directive (2012/19/EC) places an obligation on all EU-based manufacturers and importers to take-back electronic products at the end of their useful life. Harman International accepts its responsibility to finance the cost of treatment and recovery of redundant WEEE in accordance with the specific WEEE recycling requirements. All of our products are marked with the WEEE symbol; this indicates that this product must NOT be disposed of with other waste. Instead it is the user's responsibility to dispose of their waste electrical and electronic equipment by handing it over to an approved re-processor, or by returning it to Harman International for reprocessing. For more information about where you can send your waste equipment for recycling, please contact Harman International or one of your local distributors.

Explanation to preprinted EC declaration of conformity

Electrical products placed on the European market must generally conform to various EU directives. Directives that require an EC declaration of conformity and product CE marking:

- 2006/95/EC Low-voltage directive
- 2004/108/EC Electromagnetic compatibility directive
- 2009/125/EC Ecodesign directive

Directives to additionally be complied with:

- 2001/95/EC General product safety directive
- 2011/65/EC Restriction of the use of certain hazardous substances (RoHS)
- 2012/19/EC Waste electrical and electronic equipment directive (WEEE)
- 1907/2006/EC Registration, evaluation and authorization of chemicals (REACH)
