Martin Companion

The Martin Companion is the universal firmware upload tool for all Martin products. Compatible with all Martin product ranges (MAC, RUSH & Exterior) and various USB-DMX interfaces (M-DMX, USB Duo DMX & Universal USB-DMX) for maximal ease of use. The Martin Companion application synchronizes with Martin's firmware library over the Internet, so gone are the days of browsing the support pages to find the latest fixture firmware.

Compatible with all Martin product ranges including MAC, RUSH & Exterior

Compatible with all recent Martin USB-DMX interfaces

Automatic online synchronization of firmware library
