

# Alien 02 Cable Extension Kit

## installation note

The Cable Extension Kit is used to extend the distance between an Alien 02 luminaire and an 02 Driver unit by 2 metres. The kit contains a power cable extension and a data cable extension. Refer to the 02 Driver user manual (P/N 35000110) for safety information.

**Warning** *The Alien 02 luminaire must always be connected to the DISCHARGE LAMP OUTPUT power socket on the 02 Driver unit. The luminaire must never be connected directly to mains supply power.*
