RUSH FiberSource
Software release V1.1

The RUSH FiberSource has a new software V1.1

In the new software there has been an update of the rotation speed of the twinkle wheel and improved speed of snap changes.

All RUSH FiberSource on the marked can have this update.

- Download the software from our webpage, Martin.com

- Unpack the software and save it a known place on your hard drive

- Use the RUSH Software uploader (91611399) to upload the new software.

- Power reset the RUSH FiberSource and the fixture is ready.
