

RUSH MH3

How to adjust the display after software upload.

There are two types of displays in the MH3.

If the display is blurred and unreadable after the software has been uploaded into the MH3, you can adjust the contrast in the display in the following way.

1. Press UP, DOWN and MENU all 3 buttons together
2. Press ENTER button
3. Press UP or DOWN button to adjust the display
4. Press enter to store the level you want.

Figure

Here is the display blurred out

After adjustment.
