**JBL CSMA 1120**

Ideal for commercial and industrial use, our new line of lightweight mixer-amps leverage Crown’s high-efficiency DriveCore™ Technology and HARMAN’s GreenEdge™ environmentally-conscious manufacturing—so they quickly pay for themselves in energy savings. With a sleek industrial look and a clean front panel featuring only volume controls for each channel, they offer you an easy-to-use professional tool with uncompromised performance.

**STANDARD FEATURES**

- **ENERGY STAR®** certified
- 4 input sources with 120W total output
- Fanless, space-saving 1U design
- Illuminated rings make them easy to see and operate
- Euro-block type mic/line input connectors and output connectors
- Independent bass and treble controls for each output channel
- Supports 70V and 100V distributed audio systems without needing a separate transformer
- Remote volume control capability using JBL CSR-V module and standard Ethernet cable
- Priority muting and phantom power
- Three-year, no-fault fully transferable warranty
