

6 HydraPort® Unit Enclosure with US Power Outlet

HPX-600BL-NA, Black Anodized (AMX-FG560-01B-NA)

HPX-600SL-NA, Brushed Aluminum (AMX-FG560-01S-NA)

Overview

The AMX HPX-600-NA 6 HydraPort® Unit Enclosure with US Power Outlet is a modular AV table box for connecting mobile devices in a conference room or classroom. This sleek, flush-mount table box is typically installed in a conference room or classroom table and features a uniquely designed lid that opens in both directions to provide a clean, unobtrusive look.

Whether content is connected through USB-C, HDMI, Ethernet, or other popular formats, users have access to the cable or connection they need. The HydraPort Architectural Connectivity System uses interchangeable modules to support configurations for current and future needs. The HPX-600-NA includes one US power outlet that brings power directly to the table.

Common Applications

- With 4 module spaces available, the HPX-600-NA is ideal for smaller rooms that need to connect a small number of device types to the AV system and provide convenient AC power to devices
- The included US power outlet puts power within easy reach so devices can be powered and charged throughout the meeting
- The HPX-600-NA is designed for conference rooms, classrooms, and boardrooms that require flexible device connectivity in a clean, unobtrusive table-mounted enclosure.
- With the capability to accommodate keypads and button modules, the HPX-600-NA is ideal for rooms that require an additional control interface at the table or lectern, or for smaller spaces where a keypad serves as the primary control interface

Features

- **Adaptable Modular Design** - Features an assembly with the flexibility to change modules as current and future needs evolve
- **Elegant and Unobtrusive** - Flush-mount design installs cleanly into a lectern or table, and the lid opens in both directions for a sleek look
- **Convenient Power Connectivity** - The included US power outlet connects to an appropriate wall or floor outlet without requiring hardwired power at the table box
- **Control the Room** - Add keypad or button modules to control AV devices, lighting, and shades, and to initiate preprogrammed events such as source selection or display power
- **Available in Brushed Aluminum** - A contemporary brushed-aluminum finish complements modern office furniture and interior finishes
